FOR IMMEDIATE RELEASE

Camargo Pharmaceutical Services Enhances Team's Expertise

Camargo Pharmaceutical Services, LLC is pleased to announce the addition of William Stoltman, J.D. and Jaber Qasem, Ph.D. to the Camargo Pharmaceutical Services Team. Stoltman joins Camargo as Senior Director for Regulatory Affairs and Quality Assurance; Qasem joins as Director of Pharmaceuticals.

With over 25 years of experience in quality assurance, regulatory affairs and compliance combined with a legal background, Stoltman has a proven track record in identifying and solving difficult regulatory and compliance issues while providing efficient, value added quality and regulatory support. Most recently he was Director of Regulatory Compliance for Watson Laboratories, based in Phoenix, Arizona responsible for the successful transition from a compliance remediation posture to a commercial operation status. He holds a Bachelor's degree in Biology/Psychology from Drake University in Des Moines, Iowa and earned his Doctor of Jurisprudence from the Indiana University School of Law in Indianapolis, Indiana.

Dr. Qasem joins Camargo from Ligand Pharmaceuticals, based in San Diego, California, where he was responsible for pre-formulation assessment and formulation development of novel NCE's. His experience includes over seven years of product development in both branded and generic products as well as extensive practical knowledge of manufacturing scale-up to pilot plant and full production scale, technical transfers, deviation investigations and validations. Qasem holds a Bachelors of Science in Pharmacy from Al-Isra University in Amman, Jordan and earned his Ph.D. from the University of Kentucky, College of Pharmacy in Lexington, Kentucky.

MORE

“We are very fortunate to add the background and experience of such talented and accomplished individuals to Team Camargo,” stated Ken Phelps, President of Camargo Pharmaceutical Services. “Bill and Jaber’s contribution to Camargo will enable us to continue our rapid growth, expanding both our breadth and depth of services to meet the needs of our clients.”

About Camargo Pharmaceutical Services

Camargo Pharmaceutical Services is a fee based drug development company servicing virtual and small pharmaceutical companies. From drug inception to market launch, Camargo provides a full suite of product development, clinical program development and regulatory services for Phases I-IV. With combined experience of over 100 years in the clinical and scientific research industry, Camargo’s team has realized over 30 FDA approvals for NDAs, ANDAs and 505(b) (2) s in a wide range of therapeutic areas. Collaborating with CROs, contract manufacturers and testing labs, and industry thought leaders on behalf of their clients, Camargo is able to consolidate and streamline the drug development process, increasing the speed to market in a cost effective manner for their clients. To support clients that are filing ANDAs, Camargo offers eCTD, providing faster FDA review time.
